感染者の8割→「他者への感染なし」

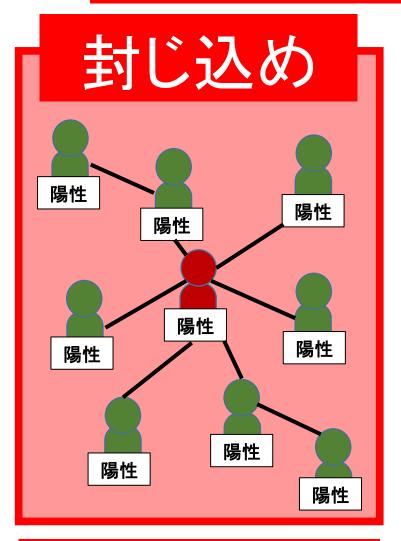

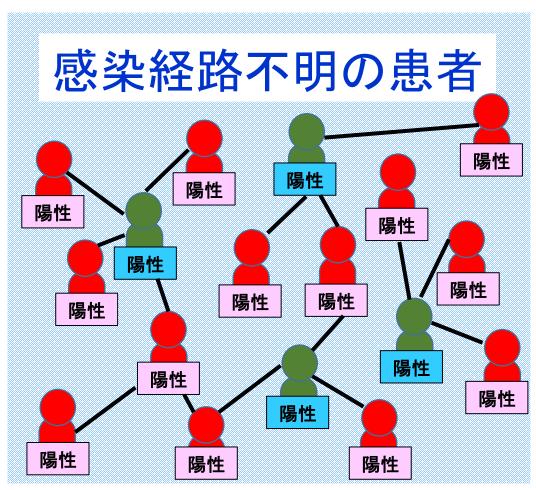

確認されたクラスター

隠されたクラスター➡オーハーシュート

Because transient overshoot of new-style Corona isn't woken up

The thing we can do? "3 dense space" is avoided

① Badly ventilated shutting tightly space

2 The crowd place where a lots are collected

3 The close situation which does conversation and utterance imminently

Risk of cluster (group) occurrence has a high location which has complete set of 3 conditions!
